COVID 19 Regulations

- Per Massachusetts Governor Baker: Anyone attending the regatta from any state other than the five New England States, New York, or New Jersey, must provide written documentation of a negative test COVID within the last 72 hours prior to the regatta, that is signed by a medical official before coming onto club property.
- If you are feeling ill and/or have a temperature of 100.4° F or greater, you MAY NOT attend the regatta.
- On both Saturday and Sunday morning there will be a check-in to have temperatures of all competitors and volunteers taken using a non-contact temporal thermometer. If a sailor's temperature is 100.4° or higher you will be asked to leave the premises.

- **The building will be completely off limits to the sailors.** Porta-potties will be available.
- Masks or face-coverings shall be worn at all times while on the club property. You must have a mask with you on the water as well.
- We please ask that you try not to have non-sailing family members attend the regatta as our beach is small and there is not much room to watch the races from club grounds. They will also not be able to enter the club at any time.
- You **MUST** register for the regatta by Tuesday, July 22nd by 9pm. More info will be posted shortly at WLYC.com on how to register.
- We thank you for abiding by these regulations as we want to have a safe and successful regatta for all sailors and volunteers. We take COVID-19 seriously at WLYC and are doing everything we can to run the regatta safely.
